- Referees should report to you at start of day and advise when leaving building.
- If there is a complaint about a referee, "protect" that referee from the complainant for a day or so, but if possible, use him/her again to show support for that referee
 - Any complaints received should be noted immediately and full details taken, this is to include statements from those involved
 - All paperwork on this should be kept and sent to the Squash Director so this can be followed up at a later stage
- Try to give all referees the opportunity to referee top players at some stage during the event. Also ensure that referees get a mixture of male and female games.
