

Become a Squash CoachForce Facilitator

If you are a coach who is not afraid of taking on a challenge, who loves the art of coaching and wants to lift your game – WE NEED YOU! Help us facilitate a range of coach development modules from our Coach Development Framework to your fellow squash coaches. In doing so you will play a crucial role in developing more and better coaches, in turn leading to safer, happier and more successful athletes.

- WHAT YOU WILL DO -

You will facilitate planned workshops with the focus on being 'a guide from the side'. You don't need to be an expert and know everything about the game. You just need to be able to draw on the knowledge of the coaches and then provide them with interactive and practical learning activities so they can add to what they know already.

- WHAT YOU WILL NEED -

You will need to be able to present in front of others, ask questions, manage group discussions, actively listen and keep time. Being approachable and adaptable to changes also helps.

- WHAT YOU WILL GET -

You will be provided with special facilitator training by Squash New Zealand in the relevant modules you wish to deliver. All of the resources you need to run the module will also be provided. This includes a step-by-step facilitator guide for you to follow to help you run each activity. You will also receive payment for every module you facilitate... plus the feel-good factor that comes from helping others.
