

iSquash Updates 30th July 2018

The following changes will be made live for use on the 31st July.

District Message

Added the ability for districts to post a district message to the Home Screen of users. Under the administration menu, District Administrations will now have access to a message maintenance button to enable this functionality.

Club Message Maintenance

Hello Squash HO.

Club Notices [Home Page]

Hello Squash HO.

Club Notices [Kiosk]

Hello Squash HO.

These are a sample of what it should look like, but may vary a little depending on the browser being used.

Interclub Home Team as Team A

When generating an Interclub Event, using the Interclub generation, the Home Team will show as Team A.

Show Team Points on the Draw Page

An optional feature that enables the draw page to show all the team points for each tie that has been entered in iSquash.

Draw Notes

Interclub Administrator now can add comments that display at the top of each draw.

Interclub Results Email

District Administrators can now email the results directly from iSquash to team captains after the results are entered and submitted to grading. This results email will be like the Show Results function access through iSquash.

Squashways 1		Football 2		Games					Result

Force My Profile Page

Enables Squash New Zealand to ensure users update their information yearly to keep it current. When activated the user will see the My Profile Page with their current information. Users will need update and click save at the bottom of the page to continue to the full iSquash page.

Interclub Reporting

A range of new reporting functionality has been added to the Interclub Dashboard Screen. These can be downloaded as Excel spreadsheets.

1. Results Reporting: A report that lists all the results for the Interclub Event, available only to the Event Organiser.
2. Team Reporting: Available to club administrators this report will produce all their teams including contact and grading information.
3. Venue Reporting: Available to Event Organisers this report will produce all the ties been played at individual clubs.
