■ Graded players

■ Non-graded players

## **Affiliated Player Numbers**

### What will success look like in 2015?

29.7%

- Affiliated member numbers above 20,000
- Stakeholder satisfaction surveyed at higher than 70%
- > 50% of Clubs using iSquash booking and/or access systems
- Alternative income streams generate at least \$100,000 in revenue
- A flagship squash facility in each major population area of the country
- Commonwealth Games medals and a World Champion

#### THE PLAN

This Strategic Plan outlines the direction for **Squash New Zealand** over the next **3** years. We have chosen **4** areas that are important to the **growth** and **development** of the sport: connection, pathways, clubs and leadership. Within these areas, we have identified **strategic goals** that Squash NZ will focus on achieving within the period. To highlight how we will achieve these goals, we have included some **operational goals**. Underpinning this whole plan is our **vision** that New Zealanders will **choose squash**, whether it is to play, coach, ref, volunteer, fund, sponsor, include in their newspaper, or deliver at their school. If this happens, then we will be successful in our **mission** to **grow squash** and **increase participation**. We promise to do all this with integrity, innovation and excellence.

**VISION:** New Zealanders Choosing Squash

**MISSION:** Champion the genuine worth of squash and grow the sport together

**VALUES:** Integrity, Innovation, Excellence

# **CONNECTION**

#### **TECHNOLOGY**

Strive for innovative ways to promote and support squash, including the use of iSquash

- Provide an enhanced membership management tool for Clubs through iSquash
- Continuously develop and promote iSquash for the benefit of the whole squash community, utilising available technology
- Research innovative opportunities for squash development

#### COMMUNICATION

Communicate regularly and effectively with everyone connected to squash

- Develop and implement a national communication plan
- Ensure a visible Squash NZ presence in the squash community
- Measure and increase the satisfaction of our stakeholders
- Communicate interactively to increase and improve the level of engagement

#### **CAMPAIGNS**

Increase club membership by co-ordinating an annual national campaign

- Run an annual national campaign that engages local and national media, with resources available to Districts and Clubs
- Measure the effectiveness of each campaign

#### **MARKETING**

Market squash to the wider community to inspire more people to play squash

- Develop a marketing strategy to promote squash in collaboration with Districts, Clubs and Schools
- Develop a modern, recognisable brand for squash
- > Exploit media opportunities to increase the profile of the sport
- Promote and support the Squash NZ Hall of Fame to increase the profile of the sport

# **CLUBS**

#### WELCOMING

Support clubs to provide attractive and welcoming facilities

- Work with Districts and Clubs to identify opportunities to improve facilities
- Support Clubs to develop new community facilities and/or to improve existing facilities
- Provide support to Clubs to access funding

#### **ACCESSIBLE**

Working with clubs to remove barriers to participation

- Promote the use of the iSquash Online Booking and Pay2Play modules
- Provide tools and advice to Clubs to attract and retain members
- Promote the benefits of affiliation to Clubs and facilities that are not part of the Squash New Zealand community

#### SUCCESSFUL

Assist clubs to manage their facilities in a sustainable manner

- Provide and promote a centralised resource library for Clubs to access resources and best practice
- Negotiate collective buying power opportunities for Clubs
- Encourage Clubs to implement effective volunteer management practices

#### MODERN

Encourage clubs to modernise their facilities and practices

- Encourage Clubs to have an online presence
- Work with Clubs to offer a variety of membership and payment options
- Highlight opportunities for Clubs to exploit available technology

# **PATHWAYS**

#### **COMMUNITY**

Ensure there are pathways for players at all levels

- > Develop a national community sport plan
- Maintain and enhance the national grading list
- Develop and deliver a national school squash programme to increase junior participation
- Increase School participation through collaboration with relevant organisations
- Encourage unaffiliated Clubs and facilities to join the Squash NZ community
- Ensure a variety of competitions at all levels that satisfy demand
- Explore modified versions of the game to promote the sport and increase participation

#### **HIGH PERFORMANCE**

Create a high performance pathway that produces world class performances by world class athletes

- Develop and implement a High Performance programme that achieves
   Sport NZ outcomes and produces a world champion
- Secure high performance investment from High Performance Sport NZ
- Meet medal target for Commonwealth Games as agreed with High Performance Sport NZ

#### **EVENTS**

Ensure that relevant events are provided at all levels to increase participation

- Implement a national events calendar that caters to every level of squash
- Review every event and implement improvements to the national events programme

#### **COACHING**

Deliver a coaching programme that creates a world class coaching environment

- ➤ Complete and deliver the National Coaching Framework
- Increase the number and quality of qualified coaches
- Deliver opportunities for coach development
- All Districts deliver CoachForce

#### REFEREES

Create a refereeing framework to recruit and develop more referees

- Develop and oversee the National Referees Framework
- Increase the number and quality of qualified referees
- > Exploit technology opportunities in referee development

# **LEADERSHIP**

#### **GOVERNANCE**

Lead the sport cohesively

- Provide strong and capable governance
- Work collaboratively with all Districts to achieve agreed common goals
- Explore and implement the most efficient and effective delivery mechanism/structure for squash

#### **CAPABILITY**

An efficient national office supported by effective district communities

- Operate the national office efficiently and effectively through best practice procedures
- Engage capable and competent staff within a structure that best enables effective delivery
- Provide service, support and training to District staff and volunteers

#### **COLLABORATION**

Work collaboratively with our stakeholders to get more people playing squash

- Develop and maintain relationships with Clubs, Districts, Schools, Sport NZ, RSTs and other key stakeholders
- Maximise opportunities and reduce duplication
- Work with stakeholders to effectively deliver nationally developed programmes and products

#### **SUSTAINABILITY**

Management of the sport provides financial sustainability and profitability

- Source alternative revenue streams
- Manage investments and enterprises effectively
- Develop and maintain relationships with funding providers
- Develop new sponsorship partners
