The New Zealand Squash Rackets Association was formally incorporated in 1939 with the object of controlling, advancing and regulating the game throughout the country. Even though Squash had been played competitively since 1932, no records prior to 1946 are in existence and this had been taken as a "War Casualty".

However, with the assistance of Past Secretaries P.D. Hall, the late Mr Justice T.A. Gresson and Vice President W.E. Renton it is possible to record that Squash was first played on a national basis in November, 1932, at the Christchurch Club Court which with the Devonport Naval Base (Auckland), two courts were the only available competitive ones at the time. The 1932 and first winner, the late G.E.F. Kingscote, was recognised as the father of the New Zealand game, having played extensively at the Bath Club, England, and is credited with having introduced the drop shot to New Zealand and later the technique of making the ball die in the crack.

The first New Zealand Association in 1932, which was unincorporated, had Mr Vivian Riddiford of Wellington as Patron, Mr Kingscote as President, and Mr H.N. Watson (Palmerston North) as Vice President, Mr Hall being the first Secretary, holding office until 1936, when Mr Gresson succeeded him. During the pre-war years the Association acted only to organise New Zealand tournaments.

The important "firsts" in New Zealand Squash are recorded for this early period - 1933 the opening of the first Public (or open) Club at Timaru, and in 1934 the first visit of New Zealand Players to the Australian Championships at the Royal Melbourne Tennis Club Courts when D.W.J. Gould (Christchurch) reached the semi-final, and Hall the final, both being beaten by Harry Hopman of Davis Cup renown.

The first entry in the official minute book is a report dated 21st June 1946, recording 15 members divided into three classes:-

Open Clubs - Palmerston North, Timaru, Oamaru, Hamilton.

Armed Services courts at Devonport Naval Base and R.N.Z.A.F.

Stations at Whenuapai, Ohakea, Woodbourne and Harewood.

Private Court Owners - P.D. Hall, J.E.F. Vogel and others.

A special General Meeting was held at Christchurch on June 21st, 1946 to consider reviving Squash following the war. This meeting was chaired by the President Mr Kingscote representing Wellington, with Mr Gresson as Secretary, the attending delegates being Messrs W.M. Maxwell (Palmerston North), A.I. Cottrell (Canterbury), R.S. Mitchell (Oamaru), D.W.J. Gould (Christchurch), W.A. Lewis (Timaru).

At the first recorded Annual General Meeting held at Timaru on September 22nd, 1946, among delegates present were three North Islanders, A.H. Malcolm (Hamilton), who was elected as Vice President and A.D. Long and R.O. Haddon from Palmerston North, the latter being the current Honorary Secretary. At this meeting Mr R.S. Mitchell (Oamaru) was elected a Vice President.

On the 6th September, 1947 Mr Mitchell was appointed President, Mr Kingscote having retired on account of illness and being elected an Honorary Life Member. Mr Mitchell (Roy to all those who knew him well) was most generous in his interest in the game being the donor of the Mitchell Rose Bowl for the Women's Championship and the Mitchell Cup for the Women's Teams Competition, while he has assisted clubs at stages when they were building new courts or enlarging their premises, and in 1962 was elected a Life member in recognition of his services. He passed away in 1964.

Mr Gresson held the office of Secretary until 1948 when it was decided to establish the office of the Association each year at the club holding the Championships for the year. This operated for four years, with Palmerston North the headquarters and R.O. Haddon the Secretary in 1949 and 1951, Timaru, and P.W. Young in 1950, Oamaru and P.L. Black in 1952. This system was not found entirely satisfactory and in 1953 it was decided to establish the registered office in Palmerston North with Roy Haddon as Honorary Secretary, a position which he still holds.

Since that date, even though the President and Vice Presidents elected from outside Palmerston North are members of the Management Committee, the work of the Association has been carried on by a Committee of four Palmerston North members, including the Honorary Secretary, among whom were included well-known former players M.J. Rodgers, A.A. MacGibbon, Dr R.V. Hooper, D.D. Mochan, A.D. Long (1951-1953-1964) R.B. Clarke (1964-1966), E.H. Christmas (1951-67), A.M. Johns (1951, 1954-1968), I.E. Rowland (1966-69) and J.S. Tyler (1968-69) and T.A. de Cloene (1969).

In 1953 the Association instituted a special levy on players, the funds to be used for any purpose promoting Squash, including loans to new Clubs and subsidising expenses to teams travelling overseas.

A regular newsletter "Fairview" commenced in 1963 kept Clubs in touch with national results and international news, while the first Squash Rackets Annual was issued in 1962.

The Association has concerned itself with the construction of Squash Courts and with the assistance of Mr Arthur Wright as Honorary Architect drew up in 1962 its own "standard plan of Squash Court layouts with recommended specifications", such as installation of viewing windows in the back wall above the red line, and large side galleries. Subsequently a Design Brief and Construction Guide was prepared in 1969 by a Building Advisory Committee headed by Mr J.C. Austin and this has since been available to all enquirers.

A modern trend in Squash Court building was initiated by Hamilton in 1960 with a luxurious building embracing 3 courts, followed by a magnificent four court set up at Remuera. A new pattern was set in 1964 when Henderson added a fourth and Championship court with tiered gallery, side gallery and viewing windows to accommodate 150 spectators. The standard was raised still higher when Palmerston North in 1966 added its fifth and Championship court with tiered seating and standing room for 220 using both sides and upgraded its facilities bringing into being a Squash Centre with Cafeteria and Shop controlled by permanent managers, one court being made available to the public.

1971 saw the ultimate in Squash Court construction for New Zealand when for the 3rd International Hamilton erected a Squash Court of International Standard with viewing facilities for over 300 people. New Zealand now has a variety of complexes equal to any overseas.

In 1963 with the object of improving the playing standard a tour by the Egyptian and Australian Professional Mohamed Dardir was arranged and enthusiastically received. He re-visited the country in 1965 and 1966 and commenced a 2 year engagement as Resident Coach for New Zealand in March, 1967.

In 1967 the International Squash Rackets Federation was formed and New Zealand became a foundation member with Great Britain, Egypt, Pakistan, India, Southern Africa and Australia. With the object of competing in all the proposed International series an annual levy of 40 cents was placed on all active members the proceeds going to what is called the International Fund. This ensures finance being available at the required time.

With the growing number of Clubs, Districts were formed first in Auckland followed by Waikato, Central, Wellington and Canterbury and the administration system whereby the Association dealt with Clubs terminated at the end of 1967 with District Administration then taking over officially. At this stage a sixth District named Southern was formed comprising the South Island area from Ashburton to Invercargill, while a seventh District Hawkes Bay - Gisborne was set up in 1971.

Miss Lawes was the guest of the Australian Association prior to the series giving exhibitions with Joyce Davenport (U.S.A.) and Australian ranked players.

A visit from an Australian Under 23 team comprising Messrs R. Jolly, R. Meulemann, M. Donnelly and A. Jewell and a reciprocal visit to Australia of a New Zealand Colts team comprising Messrs B.R. Edmond (Manager), N. Barbour (REM), T. Colyer (HSN), M. Lilley and G. Stewart (Both KP) provided experience for our Colts.

1971 This year saw the highest peak of Squash when New Zealand was host for the 3rd International to teams from Great Britain, Australia, Canada, Pakistan, India and United Arab Republic. Host Centres were Palmerston North, Henderson and Remuera for the teams event and Hamilton for the Individual. The New Zealand team comprising Messrs F.N. Coe (Manager), T. Johnston, D. Burmeister, L. Green and C. Waugh won two matches defeating Canada and India for fifth place.

This was the year for our Juniors with Mr K.A. Mackwell as Manager, Stephen Hughes, Bruce Brownlee, Robert Lust and Bryce Taylor visited Melbourne when first three won the Under 18, 17 and 15 age group titles, Taylor being runner up to Brownlee, while Shane Kennedy (with Mr T.R. Johnston as Manager) competed in and won the Victorian Junior Championship.

1. The Game, How Played - The game of Squash Rackets is played between two players with standard rackets, with balls bearing the standard mark of the S.R.A. and in a rectangular court of standard dimensions enclosed on all four sides.

2. The Score - A match shall consist of the best of three or five games at the option of the promoters of the competition. Each game is 9 up: that is to say the player who first wins 9 points wins the game except that, on the score being called 8 all for the first time, hand-out may, if he chooses, before the next service is delivered, set the game to 2, in which case the player who first scores two more points wins the game. Hand-out must in either case clearly indicate his choice to the marker, if any, and to his opponent.

Note to Referees: If hand-out does not make clear his choice before the next service the referee shall stop play and require him to do so.

3. Points, How Scored - Points can only be scored by hand-in. When a player fails to serve or to make a good return in accordance with the rules, his opponent wins the stroke. When hand-in wins a stroke, he scores a point; when hand-out wins a stroke, he becomes hand-in.

4. The Right to Serve - The right to serve first is decided by the spin of the racket. Thereafter the server continues to serve until he loses a stroke, when his opponent becomes the server, and so on throughout the match.

5. Service - The ball before being struck shall be thrown in the air and shall not touch the walls or floor. The ball shall be served on to the front wall so that on its return, unless volleyed, it would fall to the floor in the quarter court nearest the back wall and opposite to the server's box from which the service has been delivered.

At the beginning of each game and of each hand, the server may serve from either box, but after scoring a point he shall then serve from the other and so on alternatively as long as he remains hand-in or until the end of the game. If the server serves from the wrong box there shall be no penalty and the service shall count as if served from the right box, except that hand-out may, if he does not attempt to take the service, demand that it be served from the other box.

5. Good Service - A service is good which is not a fault or which does not result in the server serving his hand out in accordance with Rule 9. If the server serves one fault he shall serve again.

7. Fault - A service is a fault (unless the server serves his hand out under Rule 9):

- (a) If the server fails to stand with one foot at least within and not touching the line surrounding the service box (called a foot fault)
- (b) If the ball is served on to or below the cut line;
- (c) If the ball served first touches the floor on or in front of the short line.
- (d) If the ball served first touches the floor in the wrong half court or on the half-court line. (The wrong half court is the left for a service from the left-hand box and the right for a service from the right-hand box.)

8. Fault, if taken - Hand-out may take a fault. If he attempts to do so, the service thereupon becomes good and the ball continues in play. If he does not attempt to do so, the ball shall cease to be in play provided that, if the ball, before it has bounced twice upon the floor, touches the server or anything he wears or carries, the server shall lose the stroke.

9. Serving Hand Out - The Server serves his hand out and loses the stroke:

- (a) If the ball is served on to or below the board or out of court or against any part of the court before the front wall.
- (b) If he fails to strike the ball or strikes the ball more than once;
- (c) If he serves two consecutive faults.
- (d) If the ball before it has bounced twice upon the floor, or has been struck by his opponent touches the server or anything he wears or carries.

10. Let - A let is an undecided stroke and the service or rally in respect of which a let is allowed shall not count and the server shall serve again from the same box. A let shall not annul a previous fault.

11. The Play - After a good service has been delivered the players return the ball alternatively until one or other fails to make a good return or the ball otherwise ceases to be in play in accordance with the rules.

12. Good Return - A return is good if the ball, before it has bounced twice upon the floor, is returned by the striker on to the front wall above the board without touching the floor or any part of the striker's body or clothing, provided the ball is not hit twice or out of court.

Note to Referees: It shall not be considered a good return if the ball touches the board either before or after it hits the front wall.

13. Strokes, How Won - A player wins a stroke:

- (a) Under Rule 9
- (b) If his opponent fails to make a good return of the ball in play.
- (c) If the ball in play touches the striker or his opponent or anything he wears or carries, except as is otherwise provided by rules 14 and 15.

14. Hitting an Opponent with the Ball - If an otherwise good return of the ball has been made, but before reaching the front wall it hits the striker's opponent or his racket or anything he wears or carries, then:

- (a) If the ball would have made a good return and would have struck the front wall without first touching any other wall, the striker shall win the stroke, except that, if the striker shall have followed the ball round and so turned before making a stroke, a let shall be allowed.
- (b) If the ball would otherwise have made a good return, a let shall be allowed.
- (c) If the ball would not have made a good return, the striker shall lose the stroke. The ball shall cease to be in play even if it subsequently goes up.

15. Further attempts to Hit the Ball - If the striker strikes at and misses the ball he may make further attempts to return it. If, after being missed, the ball accidentally touches his opponent or his racket or anything he wears or carries then:

- (a) If the striker could otherwise have made a good return, a let shall be allowed;
- (b) If the striker could not have made a good return he loses the stroke.

If any such further attempt is successful but the ball before reaching the front wall hits the striker's opponent or his racket or anything he wears or carries a let shall be allowed and rule 14 (a) shall not apply.

16. Appeals - An appeal may be made against any decision of the marker.

- (i) The following rules shall apply to appeals on the service:
 - (a) No appeal shall be made in respect of foot faults.
 - (b) No appeal shall be made in respect of the marker's call of "fault" to the first service.

(c) If the marker calls "fault" to the second service, the server may appeal and, if the decision is reversed, a let shall be allowed.

(d) If the Marker calls "play" to the second service, hand-out may appeal even if he attempts to take the ball and if the decision is reversed hand-in becomes hand-out.

(e) If the marker calls "play" to the first service, hand-out may appeal if he makes no attempt to take the ball. If the appeal is disallowed, hand-out shall lose the stroke.

(ii) An appeal under rule 12 or 16 (i) (d) shall be made at the end of the rally in which the stroke in dispute has been played.

(iii) In all cases where an appeal for a let is desired, the appeal shall be made by addressing to the referee or marker the words "let, please." Play shall thereupon cease until the referee or marker has given his decision.

(iv) No appeal may be made after the delivery of a service for anything that occurred before that service was delivered.

17. Fair View and Freedom of Stroke -

(a) After making a stroke a player must get out of his opponent's way as much as possible. If, in the opinion of the referee, a player has not made every effort to do this the referee shall stop play and award a stroke to his opponent.

(b) When a player:

(i) fails to give his opponent a fair view of the ball, (Note: a player shall be considered to have had a fair view unless the ball returns too close to his opponent for the player to sight it adequately for the purpose of making a stroke)

(ii) fails to avoid interfering with, or crowding his opponent in getting to or striking at the ball.

(iii) fails to allow his opponent, as far as his opponents position allows him; freedom to play the ball to any part of the front wall and to either side wall near the front wall; the referee may on appeal or without waiting for an appeal allow a let; but if in the opinion of the referee a player has not made every effort to comply with these requirements of the rule, the referee shall stop play and award a stroke to his opponent.

Notwithstanding anything contained above, if a player suffers interference from or distraction by his opponent, and in the opinion of the referee, is thus prevented from making a winning return, he shall be awarded the stroke.

Note to referees - (a) the practice of impeding an opponent's strokes by crowding or by obscuring his view is highly detrimental to the game and referees should have no hesitation if enforcing the penultimate paragraph of this rule.

(b) The words "interfering with..his opponent in getting to..the ball must be interpreted so as to include the case of a player having to wait for an excessive swing of his opponent's racket.

18. Let, When Allowed - Notwithstanding anything contained in these rules:

(i) A Let may be allowed:

(a) If, owing to the position of the striker, his opponent is unable to avoid being touched by the ball before the return is made.

Note to Referees - This rule shall be construed to include the cases of the striker whose position in front of his opponent makes it impossible for the latter to see the ball or who shapes as if to play the ball and changes his mind at the last moment, preferring to take the ball of the back wall, the ball in either case hitting the opponent who is between the striker and the back wall. This is not, however, to be taken as conflicting in any way with the referee's duties under rule 17.

(b) If the ball in play touches any article lying in the court.

- (c) If the player refrains from hitting the ball owing to a reasonable fear of injuring his opponent.
- (d) If the players in the act of striking touches his opponent.
- (e) If the referee is asked to decide an appeal and is unable to do so.
- (f) If the player drops his racket, calls out or in any other way distracts the attention of his opponent and the referee considers such occurrence to have caused his opponent to lose the stroke.

- (ii) A let shall be allowed:
 - (a) If hand-out is not ready and does not attempt to take the service.
 - (b) If a ball breaks during play.
 - (c) If an otherwise good return has been made, but the ball goes out of court on its first bounce.
 - (d) As provided for by rules 14, 15, 16 (i) (c) and 22.

- (iii) Provided always that no let shall be allowed:
 - (a) In respect of any stroke which a player attempts to make, unless in making the stroke he touches his opponent: except as provided for under Rules 18 (ii) (b) and (c) and 15.
 - (b) Unless the striker could have made a good return.
- (iv) Unless an appeal is made by one of the players, no let shall be allowed except where these rules definitely provide for a let, namely rule 14 (a), 14 (b) and 17 and paragraphs (ii) (b) and (c) of rule 18.

19. New Ball - At any time when the ball is not in actual play a new ball may be substituted by mutual consent of the players or on appeal by either player at the discretion of the referee.

20. Knock-Up - The referee shall allow to either player or to the two players together a period of five minutes during the hour preceding the start of the match for knocking up in a court in which a match is to be played. The choice of knocking up first shall be decided by the spin of a racket.

21. Play in a Match is to be Continuous - After the first service is delivered, play shall be continuous so far as is practical, provided that at any time play may be suspended owing to bad light or other circumstances beyond the control of the players for such period as the referee shall decide. The referee shall award the match to the opponent of any player who, in his opinion, persists, after due warning, in delaying the play in order to recover his strength or wind, or for any other reason. However, an interval of one minute shall be permitted between games and of two minutes between the fourth and fifth games of a five-games match. A player may leave the court during such intervals, but shall be ready to resume play at the end of the stated time. Should he fail to do so when required by the referee the match shall be awarded to his opponent. In the event of play being suspended for the day, the match shall start afresh, unless both players agree to the contrary.

Note to Referees: A player may not open the door or leave the court other than between games without the referee's permission.

22. Duties of Marker - The game is controlled by the marker, who shall call the play and the score. The server's score is called first. He shall call "play" in respect of a good service and "Fault" (rule 7 (b) (c) and (d)), "Foot Fault" (rule 7 (a)), "Out of Court" or "Not up" as the case may be. If in the course of play the marker calls "Not up" or "Out of Court" the rally shall cease. In doubtful cases the Marker should always call "Play". If the marker's decision is reversed on appeal a "Let" shall be allowed except that if the marker fails to call a ball "Not up" or "Out of Court" and, on appeal, it is ruled that such was in fact the case, the stroke shall be awarded accordingly.

If after the server has served one fault a "let" is allowed, the marker shall call "One fault" before the server serves again.

When no referee is appointed, the marker shall exercise all the power of the

23. The Referee - A referee may be appointed, to whom all appeals shall be directed, including appeals from the marker's decisions and calls. He shall in no way interfere with the marker's counting of the game except upon appeal by one of the players or as provided for in rule 17. The referee shall decide all appeals. The decision of the referee shall be final.

First Note to Referees: Notwithstanding the above, in the absence of an appeal if it is evident that the score has been called incorrectly, the referee shall draw the marker's attention to this fact.

Second Note to Referees: It is recommended that, where there are both a referee and a marker, the referee shall appoint the marker to call foot faults and the referee shall indicate, if necessary, the box from which hand-in shall serve.

24. Power of Referee in Exceptional Cases - The referee has power to order:

- (a) A player who has left the court to play on.
- (b) A player to leave the court for any reason whatsoever and to award the match to his opponent.
- (c) A match to be awarded to a player whose opponent fails to be present in the court within ten minutes of the advertised time of play.
- (d) Play to be stopped in order that a player or players may be warned that their conduct on the court is leading to an infringement of the rules.

Note to Referees: A referee should avail himself of this rule as early as possible where one or other of the players is showing a tendency to break the provisions of rule 17.

25. Colour of Players Clothing - Players are required to wear white clothing. The referee's decision thereon to be final.
